WORK EXPERIENCE

WordPress Web Designer & Developer

SELF-EMPLOYED

2022 - Present

Provided design-to-deployment services for small businesses
Produced digital mockups of site design using Figma
Optimized sitemap to improve navigation
Expanded website to market full breadth of services offered
Established contact form to bolster client leads and retention
Trained clients to make minor edits to copy and images on platform

Manager of Instruction

THE CLIFFS CLIMBING & FITNESS

2018 - 2021

Instructed trainers on best practices to ensure and instill climbers safety in a gym serving 4000 members
Collaborated on rubric with youth program to allow underage climbers to learn advanced skills
Implemented and tested rope pulley systems to improve access for climbers with disabilities
Maintained and inspected climbing hardware to foresee and avoid future risks
Participated in restructuring of operations during the COVID-19 pandemic
Adjusted class sizes to accommodate state and federal health requirements
Worked with General Manager on flow of traffic to optimize social distancing
Supervised staff hourly cleaning and disinfecting schedules

Associate Lighting Designer

FREELANCE

2012 - 2017

Managed drafting and paperwork for concurrent productions providing daily updates as needed
Coordinated with multiple departments the use of venue spaces to ensure all elements fit without issue
Adapted touring production around the world to produce quality experience, from a 15th century castle to a 400-seat performance venue
Learned to program a new lighting console on the fly while supervising the rest of the production set up

EDUCATION

BFA Theatre Design / Technology
